

5TH ANNIVERSARY CHILDREN'S SPECIAL

MOTHER NATURE

Clare Vadeboncoeur

Spring will be here before you realize, so celebrate the spring and summer seasons now with a visit from Mother Nature! This interactive story-telling program is designed especially for young children. Mother Nature will bring a breath of fresh air through songs, stories, poems, puppets and dramatic play.

Clare Vadeboncoeur is a performing artist with over 20 years of experience working with children. She combines her talents as an actor, dancer, mime and writer to give three-dimensional life to her stories. She has taught and entertained audiences of all ages in educational, therapeutic and theatrical settings. She currently teaches creative movement and drama.

Wood Craft Projects too!

Traditionally, gifts made of wood were appropriate for a 5th wedding anniversary. Clare's sister, Walpole artist **diane scotti**, will supply materials and knowhow for kids of all ages to learn how to make some fun crafts made of wood. **10:00 to 1:30 in the Children's Program Room**
